

CPSA Certified Professional for Software Architecture®

The international Software Architecture Qualification Board ([iSAQB](#)) defines curricula on several levels for software architects. You can find download links in the following sections.

The **Foundation Level** curriculum is currently maintained and published in both English (EN) and German (DE). Maintainers from the Foundation-Level-Working-Group and voluntary reviewers collaborate on [Github](#) to improve the curriculum.

A **glossary** of the terminology used in the iSAQB curricula can be found as a (freely available) ebook, published on [Leanpub](#)

Available Versions

Version 2019.2 (released December 2019, formerly known as V5.1)

- [English without Comments \(PDF\)](#)

More versions ([tagged](#)) on the [Github Releases](#) page.

Version 4.x (released 2017)

The previous main releases are version 4.1 (EN) and 4.2 (DE), both of which are only available upon request.

Versions 3 and prior

iSAQB does not maintain a repository of older versions. Upon request, we can provide previous versions, you may volunteer to update this repository accordingly. Thank you.
